## OFFICE OF THE MACHINE TOOL CONTROLLER IN MYSORE, MYSORE CHAMBER OF COMMERCE BUILDINGS, KEMPEGOWDA ROAD, BANGALORE.

**Copy of press note issued by the Government of India.**

*Notification No. B9-M.T.C.—43-44, dated 29th June 1944.*

The Government of India have decided to revert to the use of trade channels for the acquisition in future of new machine tools to be manufactured in India, but at the same time to preserve the basis of the rationalisation measures that are now in force through a licensing system. Under present arrangements orders for the manufacture of machine tools in India, whether required on Government account or for industrial users, are aggregated and contracted for by Government and Government arrange for the re-sale and distribution of the machine tools required by industrial users. With effect from 1st of April 1944 the following new arrangements will be brought into effect :—

(1) On application to the Machine Tool Controller, Directorate-General, Munitions Production, Calcutta, manufacturing licences will be issued to Indian machine tool manufacturers to cover their forward production programmes.

(2) Industrial users desirous of acquiring Indian-made machine tools will apply in the same manner as hitherto, through the appropriate Regional Representative of the Machine Tool Controller located at Calcutta, Bombay, Madras, Cawnpore and Lahore, for an authorisation to acquire. Having received his authorisation the Industrial user will be at liberty to enter into direct purchase negotiations with any individual machine tool manufacturer and/or his Agents or recognised dealers.

(3) Statutory maxima prices will from time to time be published for new machine tools in future to be manufactured in India. These statutory prices, whilst imposing a limit on the price at which newly manufactured Indian Machine Tools can be sold, will not debar sales at a lower cost.

(4) To assist industrial users in their negotiations with Indian manufacturers and/or their agents or recognised dealers, a list of manufacturers showing the types and grades of machine tools they are licensed to manufacture, will be furnished on application to the Machine Tool Controller. Industrial users are advised to deal only with those manufacturers and/or their agents or authorised dealers in accordance with the Machine Tool Controller's list, who are capable of supplying the grade they require. In placing orders on manufacturers in India and/or on their Agents or authorised dealers, care should be taken to specify the precise grade of machine tool required.

(5) Manufacturers holding manufacturing licences from the Machine Tool Controller should obtain their requirements of steel and other raw materials through the Industries and Civil Supplies Department of the Central Government. These will be available at commercial rates. For any other assistance manufacturers should apply to the Machine Tool Controller. The same technical assistance as hitherto will be available to manufacturers.

(6) Industrial users who require machine tools of classes or grades that cannot be made in India and can only be secured from overseas, should continue to apply as hitherto to the Machine Tool Controller for an import licence. The grant of import licences for machine tools for which Indian production is established, will only be authorised in exceptional circumstances and for special and sufficient reason in each case.

## OFFICE OF THE MACHINE TOOL CONTROLLER IN MYSORE, MYSORE CHAMBER OF COMMERCE BUILDINGS, KEMPEGOWDA ROAD, BANGALORE.

**Copy of press note issued by the Government of India.**

*Notification No. B9-M.T.C.—43-44, dated 29th June* 1944.

The Government of India have decided to revert to the use of trade channels for the acquisition in future of new machine tools to be manufactured in India, but at the same time to preserve the basis of the rationalisation measures that are now in force through a licensing system. Under present arrangements orders for the manufacture of machine tools in India, whether required on Government account or for industrial users, are aggregated and contracted for by Government and Government arrange for the re-sale and distribution of the machine tools required by industrial users. With effect from 1st of April 1944 the following new arrangements will be brought into effect :—

(1) On application to the Machine Tool Controller, Directorate-General, Munitions Production, Calcutta, manufacturing licences will be issued to Indian machine tool manufacturers to cover their forward production programmes.

(2) Industrial users desirous of acquiring Indian-made machine tools will apply in the same manner as hitherto, through the appropriate Regional Representative of the Machine Tool Controller located at Calcutta, Bombay, Madras, Cawnpore and Lahore, for an authorisation to acquire. Having received his authorisation the Industrial user will be at liberty to enter into direct purchase negotiations with any individual machine tool manufacturer and/or his Agents or recognised dealers.

(3) Statutory maxima prices will from time to time be published for new machine tools in future to be manufactured in India. These statutory prices, whilst imposing a limit on the price at which newly manufactured Indian Machine Tools can be sold, will not debar sales at a lower cost.

(4) To assist industrial users in their negotiations with Indian manufacturers and/or their agents or recognised dealers, a list of manufacturers showing the types and grades of machine tools they are licensed to manufacture, will be furnished on application to the Machine Tool Controller. Industrial users are advised to deal only with those manufacturers and/or their agents or authorised dealers in accordance with the Machine Tool Controller's list, who are capable of supplying the grade they require. In placing orders on manufacturers in India and/or on their Agents or authorised dealers, care should be taken to specify the precise grade of machine tool required.

(5) Manufacturers holding manufacturing licences from the Machine Tool Controller should obtain their requirements of steel and other raw materials through the Industries and Civil Supplies Department of the Central Government. These will be available at commercial rates. For any other assistance manufacturers should apply to the Machine Tool Controller. The same technical assistance as hitherto will be available to manufacturers.

(6) Industrial users who require machine tools of classes or grades that cannot be made in India and can only be secured from overseas, should continue to apply as hitherto to the Machine Tool Controller for an import licence. The grant of import licences for machine tools for which Indian production is established, will only be authorised in exceptional circumstances and for special and sufficient reason in each case.

OFFICE OF THE DIRECTOR OF FOOD SUPPLIES, BANGALORE.

*Notification No.* 492—*Spl., dated* 21*st July* 1944.

PRESS NOTE.

It has been brought to notice that some misapprehension exists in the minds of declared holders and other persons from whom the entire quantity of foodgrains have not been called up for delivery and who are keeping in safe custody the foodgrains left with them, that the storage fee of two annas per palla per month will not be paid even if they store the grains with them on behalf of Government for delivery when demanded. Government wish to impress that no such misapprehension need be entertained and that persons who are keeping in safe custody foodgrains kept with them will be paid at the above rate promptly, even in cases where formal mutchalikas have not been taken.

Necessary instructions have been given to all concerned that payment is arranged for immediately.

It may be mentioned in this connection that this premium would be payable for a full month if the period of storage exceeds half a month and will not be payable if the period is less.

*Notification No. L. E. 7—44-5, dated 25th July 1944.*

A statement showing the latest dates for sending in applications for the several Public Examinations of 1945, appended hereto, is notified for general information. Special attention is invited to the following points :—

1. Applications for admission to the examinations should be submitted on printed forms which will be supplied on application to the Secretary, Secondary Education Board, New Public Offices, Bangalore, after the 15th September 1944. All requisitions for forms should reach the Secretary, *at least a fortnight before* the latest date prescribed for sending in applications for admission to the examinations. The Secretary will not be responsible for non-receipt of forms owing to the requisitions being sent too late or, to miscarriage of letters in post, the address being incorrect or incomplete and such other reasons.

2. Fees as shown in column No. 2 of the statement against the particular examination to which the candidates seeks admission should be credited into a Mysore Government Treasury in time for sending in the applications **by Registered Post** so as to reach the Secretary, Secondary Education Board, on or before the date mentioned in Column 1, after which date *no applications will be received for that particular examination.*

NOTE.—Late applications for admission to the several Public Examinations conducted by the Department will be entertained up to 15 (fifteen) days from the dates prescribed for submitting applications for the several examinations on payments of a penal fee of one rupee in respect of each such application. The amount should be credited to a Government Treasury and the receipt obtained thereof sent along with the application form. No application will be entertained under any circumstances 15 days after the date fixed for a Public Examination.

3. *Fees sent in cash, in any form will not be accepted.* Candidates living outside the State should make their own arrangements for paying application fees for the examination into a Mysore Government Treasury and send the printed application form with the Treasury receipt and seal thereon on or before the specified date.

4. All columns in the form of application should be carefully and accurately filled in. The enclosures mentioned in column No. 3 in the statement should invariably be attached to the application for admission to the examination. Applications found *defective in any respect* will be rejected and returned to the party and *requests for refund of fees on the ground that the applications were rejected will not be entertained.*

5. Boy candidates will not be admitted to the Mysore Middle School Examination by *private study* unless they send with their application forms sufficient proof to show that they had sat for the English Lower Secondary or Middle School Examination (with English as First Language) in 1944 or earlier and had failed at the examination or unless they are specially permitted by the President, Secondary Education Board, in which latter case, the original communication granting permission should be attached to their applications for admission to the examination. Teachers in recognised schools and girl candidates may, however, appear for the examination by private study without obtaining previous permission as referred to above.

6. The printed column in the application form for non-attendance certificate in the case of private candidates for S.S.L.C., Middle School and Upper Primary Examinations of 1945, should be filled in before the form of application is sent to the Secretary, Secondary Education Board. The officers, who sign the certificates of non-attendance are requested to satisfy themselves that the candidate is a *bona fide* private candidate and they should ensure themselves that no scope for irregularity of any kind is allowed in this respect.

7. (i) Applications for transfer of centres, if any, in respect of the Middle School or Upper Primary Examination, should ordinarily reach the Secretary, Secondary Education Board, New Public Offices, Bangalore, on or before the 31st January preceding the examination, with sufficient and valid reasons.

(ii) A fee of Re. 1 will be levied in respect of each such application submitted for good reasons, between the 1st and 10th February preceding the examination. Each application for change of centre submitted during this period should be accompanied by a treasury receipt for Re. 1. No change of centre will be granted *under any circumstances after the 10th February preceding the Examination.*

(iii) Applications for change of centres in the case of school candidates should be submitted through the Heads of Middle or Upper Primary Schools and in the case of private candidates through their parents or guardians.

(iv) Applications for a change of centre should contain information on the points noted below :—

(1) The centre originally selected by the candidate.
(2) The centre to which his name is required to be transferred.
(3) Whether the change of centre applied for is for the Middle School Examination or for the Upper Primary Examination or for any other Examination.
(4) Reasons urged for the transfer supported by the parent or guardian of the pupil.

NOTE.—(1) The Secretary, Secondary Education Board, Bangalore, may refuse to change the centre of examination if proper reasons in support of the change asked for are not furnished.

(2) The fee paid for change of centre will neither be refunded nor reserved for a subsequent examination, if the change has been refused for want of proper reasons in support of the change asked for.

8. The fees once paid into the Treasury for admission to any Public Examination shall, on no account, be refunded, but may be reserved for the same examination in the following year, if the candidate was unable to sit for the examination on account of illness. This should be supported by a Medical Certificate from a competent authority not lower in rank than a District Medical Officer or from a Medical Graduate countersigned by the District Medical Officer, and the application for such reservation should be sent so as to reach the Secretary, Mysore Secondary Education Board, Bangalore, on or before the date of the commencement of the Examination for which the fees have been paid.

9. The Heads of Institutions sending up candidates for the Middle School or the Upper Primary Examination of 1945, are requested to send the applications arranged according to the instructions given in the statement sent along with the application forms.

10. A consolidated list of candidates, who are deficient in attendance calculated up to the end of February 1945, should be sent in the prescribed form, which will be supplied along with the application forms so as to reach the Secretary, Secondary Education Board, Bangalore, *not later than the* 5th March 1945. The attention of the Heads of Institutions is invited to Director of Public Instruction's Circular No. 1 of 1940-41—Edn. 64-3 of 1940-41, dated 11th July 1940, laying down rules regarding the cases to be recommended for exemption.

11. It is of utmost importance that the heads of schools should not only advise the candidates to give their correct date of birth, *i.e.*, day, month and year but also reconcile the dates given in the application form with those entered in the Admission Register of the School. The candidates should be made to give only the father's name (whether living or not), and not the guardian's name.

12. The Heads of High Schools sending up candidates for the S. S. L. C. Public Examination will kindly note the following points in connection

with the preparation and submission of applications for candidature :—

(a) Candidates should be asked to give their *correct* date of birth, *viz.*, the day, month and year, in the form of application *as entered in the form of application for admission to the school and in the Admission Register* of the School without giving room for unnecessary correspondence in the matter. They should be advised to enter *only the father's name (whether living or not)* in the form of application and not the guardian's name.

(b) The Heads of Institutions should satisfy themselves that the entries in the S. S. L. C. card correspond with those in the form of application for admission to the examination in every respect and that the date of birth entered in the S. S. L. C. card corresponds with that in the admission register of the school.

(c) The Heads of High Schools should arrange the applications and the S.S.L.C. cards separately in the same order, *i.e.*, firstly, according to the second language chosen by them and secondly, in the alphabetical order under the several second languages. In no case should the application forms and the S.S.L.C. cards be mixed up, as this will lead to confusion while checking the applications. The applications and S.S.L.C. cards of candidates who have been declared "Passed" in previous years should be separated from others and arranged in the same manner as stated above.

(d) The Heads of High Schools should also furnish a separate certificate to the effect that all the entries in the form of application and the S.S.L.C. card agree with those made in the admission register of the schools.

(e) A classified statement showing the names of candidates under "Ordinary" and "Supplementary" Certificates, the several second languages and optional subjects offered by them should accompany the applications for candidature.

13. The admission tickets of candidates who appear for the several Examinations of 1945 *by private study* will be sent direct to the candidates concerned by ordinary post to the addresses furnished by them in their application for admission to the examination about 15 days prior to the date of the commencement of the examination to which the particular candidate has appeared. Private candidates are therefore advised to enter their postal address clearly in their application forms. *The Examination Office cannot undertake to note the changes in the address intimated after the applications are sent in* and it will not be responsible for non-delivery of admission tickets, etc., sent to the candidates concerned in consequence of the incompleteness or inaccuracy or change of the postal addresses furnished by them.

14. Applications for the Teachers' Certificate Examination—Secondary Grade—(both Theory and Practical) from private candidates will not be accepted unless they had appeared for the examination and failed at least once. But teachers in recognised schools who have put in 5 years' service or more and who had no chance of being deputed for training by the department may be admitted to the examination by private study, subject to the condition that they possess the minimum general qualifications prescribed for the examination provided that applications for admission to the examination are accompanied by certificates issued by the Inspecting Officer in direct charge of the school to the effect that the teacher possesses the minimum general educational qualification prescribed therefor, that he has put in 5 years' approved service in a recognised school, that he has been adopting approved methods of teaching in the school and that he is fit to take the examination by private study.

15. The admission of candidates to the Vernacular Teacher's Certificate Examinations by private study is regulated as hereunder :—

(a) *First Examination*—

(1) Persons who had sat for the Lower Secondary Training Examination (one year or two years' course) under the old rules and failed therein.

(2) Persons who had sat for the Upper Secondary Examination under the old rules and failed in one or both the groups.

(3) Teachers in recognised schools who have put in 5 years' service or more and who have had no chance of being deputed for training by the department may be admitted to the examination subject to the condition that they possess the minimum general educational qualification prescribed for the examination and subject to the production of the kind of certificate prescribed for the Teachers' Certificate Examination.

(b) *Second Examination*—

(1) Persons who have passed the Upper Secondary or S.S.L.C. Examination.

(2) Persons who had appeared for the first examination by private study and passed therein.

16. It should be clearly understood that the provisions in this notification do not in any sense supersede the detailed notifications relating to the several examinations and that the provisions in the detailed notifications should be fully satisfied before any candidate is registered for the examination to which he seeks admission.

## MISCELLANEOUS DEPARTMENTS

### OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

*Notification No. H. C. 2665—43-44, dated 25th August 1944.*

To

The Deputy Commissioners of Districts.

Sir,

Adverting to G. O. No. S. D. 5993—L. 163-43, dated 6—7th March 1944, regarding the utilisation of the services of rice mill owners, the following procedure is prescribed for adoption :—

1. The selected rice mill owners will take charge of the stock of paddy in the mills where the mill itself is a depot or where the mill is not a depot, at the depots where the paddy has been stocked.

2. Before taking delivery of the stocks of paddy from Government, the rice mill owner will deposit the value of paddy taken over by him at the Government purchase price for the taluk at the nearest Taluk Treasury to the credit of the Revenue Deposit account opened for this purpose. He will then present the certified chellan to the depot clerk with the orders of the Amildar for release of stock.

3. For the quantity so delivered to the rice mill owner, the depot clerk will prepare an invoice (H. S. Form 9 or C. S. Form 12), in quadruplicate, obtaining thereon the acknowledgment of the mill owner and send one copy to the Auditor and Accounting Officer, Director's Office, one copy to the Deputy Commissioner and the third to the Amildar of the Taluk. The original copy will be retained by him in the Invoice Book itself. On the invoice, the depot clerk will give reference to the entry in his 11 (*b*) for the issue and also to the certified chellan (number and date) produced by the party. The chellan will be sent back to the Taluk Office with the above where it will be filed with a note made thereon giving reference to the invoice number and date and put in a guard file.

4. The mill owner will take possession of the paddy and maintain registers in the Forms A, B, C, appended to this letter in which he will enter all details relating to receipts, issues for milling, iluvari, despatch, etc. In these registers, he will open a separate folio for each class of paddy such as, Fine, Medium and Coarse, a daily abstract of totals being given in a few sheets reserved for the purpose at the end of the register. These registers will be supplied by the Government Press and will be in triplicate—duplicate and triplicate being perforated. The original will be retained in the mill, the duplicate will be sent to the Amildar and the triplicate to the Office of the Director of Food Supplies two days after the following weeks, *i.e.*, for the period 1st to 7th, 8th to 14th, 15th to 21st and 22nd to the end of the month.

5. For transport of rice to a consuming centre, the mill owner will be issued a delivery order by the Deputy Commissioner of his district or any officer authorised for the purpose. A copy of the delivery order will be sent in duplicate to the Amildar of the receiving taluk or the Assistant Director of Food Supplies (Depots), Bangalore, or the Rationing Officer, Mysore, for information, and return of one copy duly acknowledging the consignment to the Amildar of the

despatching taluk. All acknowledged invoices received in a Taluk Office are to be secured in a guard file.

6. *Refund of Deposit.*—When the mill owner moves by road a consignment of rice as per delivery order from his mill to a place not connected by railway, he will obtain an acknowledgment on the delivery order itself from the consignee and present the same to the Amildar of the Taluk with whom he deposited the money for refund, in the first instance, at the rates noted below :—

| | | Rs. |
|---|---|---|
| Fine rice | ... ... | 19 per palla |
| Medium rice | ... ... | 17 do |
| Coarse | ... ... | 14 do |

If, however, a consignment is moved partly by rail and partly by road, the mill owner will have the consignment transported to the station of delivery or the nearest railway station to it. On production of the railway receipt to the Amildar of the despatching taluk, he will be paid 90 per cent of the amount shown in the above para for each palla, and the balance of 10 per cent after producing the acknowledgment of the consignee for the receipt of consignment in good order, recorded on the concerned delivery order issued to him.

The refunds on the above accounts will be out of the credits made by the mill owner to the Revenue deposit account of the Amildar in the Taluk Treasury, the reference being noted in the chellan referred to in para (3) above.

Once a month, the mill owner will prepare a statement for the amount, if any, due to him on account of paddy deposit with reference to the actual yields obtained in milling and submit the same to the Amildar of the Taluk for verification and refund of the balance of the deposit money, if any, due to him on the quantity of rice transported and delivered by him.

The mill owner will also prepare once a month, or oftener if necessary a bill for the commission and the transport charges due to him on the several items of consignments moved by him for milling and commission due to him on paddy handled for the period and submit the same to the Amildar for check and payment. This payment will be made by the Amildar by means of cheques, from his letter of credit account in the Taluk Treasury, giving necessary references to the returns rendered by the mill owner, *vides* paras (4) and (9).

7. *Broken Rice.*—Broken rice will be delivered by the mill owner as per delivery orders received by him from time to time and will be paid thereon, only actual transportation charges. Separate bills should be submitted for this transport. The payment on this account will be made by the Amildar.

8. For the railway freight and handling charges paid by the mill owner on the consignments, he should produce along with each bill, the receipts obtained by him from the Station Master for the amount paid against each consignment.

9. *Weekly Returns.*—The mill owner will submit without fail to the Amildar of the Taluk, returns in the prescribed forms noted in para (4) above for the periods, 1st to 7th, 8th to 15th, 15th to 21st and 22nd to the end of the month.

10. The mill owners will also submit a separate return for the period referred to in para (9) to the Amildar for the quantity of paddy milled for private parties in the mill and the iluvari obtained therefrom.

11. *Schedule of rates for transport of foodgrains.*—To enable the settlement of claims of the mill owners and of the wholesale merchants who have agreed to arrange for the transport of millets, the Deputy Commissioners will fix a schedule of rates for transport of grains from the purchase depots to the place of delivery, including delivery at a railway station in their district, and communicate the same to the other Deputy Commissioners, the Assistant Director of Food Supplies (Depots) and this office for information.

*Notification No. H. C. 2665, dated 25th August 1944.*

To

The Deputy Commissioners of Districts.

Sir,

I have the honour to state that the following procedure may be adopted in respect of the wholesale merchants who have been selected for handling millets :—

1. Delivery has to be taken by the merchant at the depot indicated and he must make arrangements for removing the stock within a reasonable time from the depot to his own godown unless the Deputy Commissioner permits him to use the existing godown under such terms as the Deputy Commissioner deems fit, pending the receipt of instructions for despatching those quantities to the places to which they are to be transported.

2. The merchant will be allowed to take the grains only after the full payment is made for the grains, at the wholesale purchase rates fixed for the Taluk, in the Treasury, to the Revenue Deposit Account of the Amildar.

3. The depot clerk, on production of an order by the Amildar that money has been received and that the grain may be handed over, shall deliver the millets to the wholesale merchant, preparing an invoice (H. S. Form 9 and C. S. Form 12) in quadruplicate, obtain the acknowledgment of the merchant or his authorised agent, send one copy to the Auditor, Director's Office, one to the Deputy Comissioner and one to the Taluk Office and retain the original in the invoice book.

4. When the food grains have to be transported to the consuming centre, the merchant will be given a delivery order by the Amildar or the Deputy Commissioner of the district. A copy of this delivery order will also be sent in duplicate to the Amildar of the receiving taluk for information and return of one copy duly acknowledged, to the Amildar of the despatching taluk. All acknowledged delivery orders received in the Taluk Office should be kept in a guard file.

5. *Payment* :—When the merchant moves by road a consignment of millets from his godown to a place not connected by Railway against a delivery order issued to him, he will obtain an acknowledgment on the delivery order itself from the consignee for the receipt of it and present the same to the Amildar of the taluk from which the consignment was despatched for refund of the deposited amount equivalent to the value of the commodity moved.

If, however, a consignment is moved partly by rail and partly by road to another station, the wholesale merchant will carry the commodity to the nearest railway station, book the consignment to the station of delivery or the nearest railway station to it. On production of the Railway Receipt to the Amildar of the despatching station, he will be paid 90 per cent of the amount deposited by him against this quantity and the balance of 10 per cent will be refunded to him after he produces the acknowladgment of the consignee, for the receipt of the consignment in good order, recorded on the concerned delivery order issued to him.

All refunds against delivery will be made out of the Revenue Deposit account of the Amildar. This account will be operated by a separate cheque book.

6. Once a month or oftener, if necessary, the wholesale merchant will prepare a bill for the commission and the transport charges due to him on the several consignments moved by him and present it to the Amildar of the taluk for check and payment.

For the railway freight and handling charges paid by the merchants on the consignments, they should produce, along with their bills, the receipts obtained from the station master for the amount paid against each consignment.

7. The registers to be maintained by the wholesale merchants are noted below. These registers will be supplied by the Government Press.

C. S. Form 11
C. S. Form 9—Stock ledger.

As the transactions take place, the two registers will be posted and kept up-to-date. In the stock ledger, separate pages will be allotted to each kind of grain and references to receipts and issues from C. S. Form 11 (c) will be noted therein.

8. *Weekly return.*—The wholesale merchant will submit stock return two days after the weeks ending the 7th, 15th, 21 and the last day of the month, to the Amildar for the millets stock with him in C. S. Form 3.

The following explosives are at present authorised for importation into the Mysore State for general sale :—

CLASS. 1.—GUNPOWDER.

The term "gunpowder" means gunpowder ordinarily so called.

**GUNPOWDER.**

CLASS 2.—NITRATE MIXTURE.

The term "nitrate mixture" means any preparation, other than gunpowder ordinarily so called formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance, and includes any explosive containing a perchlorate and not being a chlorate-mixture, fulminate or nitro-compound as defined in Rule 4 of the Mysose Explosives Rules, 1917.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water proofing material,

CARDOX COMPOSITION.

CLASS 3.—NITRO-COMPOUND.

The term "nitro-compound" means any chemical compound possessed of explosive properties or capable

of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium or nitro-glycol are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

Blasting Explosives in this class marked "S" may be sheathed on the outside of the cartridge but not at the ends with an approved sheathing material. The outer wrapper of any sheathed cartridge shall be sufficiently strong to prevent the escape of any of the sheathing material when the cartridge is submitted to the Jolting Test. If fireproofing material is used for the outer wrapper it must not inter-act in any way with the sheathing material. Provided that when bicarbonate of soda is used as a sheathing material the cartridge shall be thoroughly water-proofed with paraffin wax or a mixture of ceresine and resin.

CLASS 4.—CHLORATE MIXTURE.

The term "chlorate mixture" means any explosive containing a chlorate.

The chlorate mixture class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

DIVISION 1.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Nil.

Provided that every explosive in this division shall be o such character and consistency as not to be liable to liquefaction or exudation of nitro-glycerine.

DIVISION 2.

Division 2 comprises any chlorate mixture as hereinbefore defined which is not comprised in Division 1.

Nil.

CLASS 5.—FULMINATE.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes) is especially dangerous.

This class consists of two divisions.

DIVISION 1.

Division 1 comprises such compounds of the fulminates of silver and of mercury, and preparations of those substances such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus or certain descriptions of compounds of phosphorus, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret with or without carbonaceous matter.

CLASS 6.—AMMUNITION.

The term "ammunition" means any explosive of any of the foregoing classes when the same is enclosed in any case or contrivance, or is otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon or any other weapon, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives or to form a percussion cap, detonator, fog-signal, shell-torpedo, war-rocket, or any other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction and contains an explosive of the fulminate—class—in such quantity that the explosion of one capsule or case would communicate the explosion to other like capsules or cases.

The ammunition class has three divisions.

DIVISION 1.

Nobel's Safety Electric Fuses.

*Percussion caps*, each consisting of a capsule or case of metal containing an explosive of the 5th Fulminate Class, not more than 0·5 grain, the said explosive being covered and protected by a coating of tin-foil or other material approved by the Chief Inspector of Mines and Explosives in Mysore and the said capsule or case not containing an anvil; provided that where the proportion of fulminate o mercury in the composition does not exceed 25 pe

cent, the above limit may be increased to 0·6 of a grain. Provided also that the whole is of such strength and construction that the ignition of one such cap will not ignite other like caps.

*Railway Fog-Signals*, of such strength and construction and containing an explosive in such quantity that the explosion of one such signal will not communicate the explosion to other like signals.

*Safety Cartridges*, consisting of cartridges for small arms of which the cases can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

*Notification No. Spl. C. 71—44-45, dated 18th October 1944.*

Whereas it has been brought to my notice that a practice is prevailing in some parts of this district to cut off Ragi and Paddy ear-heads of crops just as they have come up to a particular state of maturity and before they are actually ripe for being cut with a view to escape delivery of the due share of crop under the procurement order by disclosing less or no yield and further that if such practice is not prohibited immediately, sufficient foodgrains will not be available for human consumption at the ensuing harvest and the food resources of the State will be seriously hampered, I, Mr. Mahomed Ismail Sheriff, B.A., Deputy Commissioner, Bangalore District, in exercise of the powers vested in me under Rule 75 (a) and (b) and Rule 81 of the Defence of India Rules as applied to Mysore, order that the cutting and removal of ear-heads of Ragi, Paddy and other similar food crops or stalks of such crops whether ripe or unripe be prohibited absolutely. Any body contravening these directions will be liable for prosecution under Rule 81 (a) (4) of the Defence of India Rules as applied to Mysore.
